RE: RoHS Compliance of CCFL Products

Coin Mechanisms Inc. hereby certifies that all of its CCFL Inverter products indicated below will be available in compliant versions in accordance with the European Directive RoHS (Restriction of Hazardous Substances) beginning June 1, 2006. Please be advised that since there is existing inventory of non-compliant Inverters on hand, such stocks may be supplied until those inventories have been exhausted. However, in instances where RoHS compliant parts must be shipped, we will also have inventory on hand of such parts and will ship as specifically requested.

- T1 (100mm) CCFL 12 & 24 volt Inverter
- T2 (200mm) CCFL 12 & 24 volt Inverter
- T3 (300mm) CCFL 12 & 24 volt Inverter
- T4 (Trapezium) CCFL 12 & 24 volt Inverter
- T40 (400mm) CCFL 12 & 24 volt Inverter
- T45 (450mm) CCFL 12 & 24 volt Inverter

All sizes of CCFL Lamps have been determined to be RoHS exempt. Energy efficient specialty lamps, such as CCFLs, are viewed as environmentally desirable and the requirements regarding toxicity have been waived.

For a complete list of specific Inverter part numbers that have been brought into RoHS compliance, please contact our office, or visit our website www.coinmech.com.

If you should have any questions, please feel free to contact our Customer Service department, or send an e-mail to coinmech@coinmech.com.

Sincerely,
COIN MECHANISMS INC.
