

COIN MECHANISMS INC.

Model 3300 Coin/Timer Box

Coin/Timer Box Features & Benefits:

A completely self-contained, locking money collection and timer system
Made of heavy duty 16 gauge cold rolled steel painted with a baked on powder coating
Includes a US Quarter (.25¢) metal coin acceptor fitted as standard
Fitted with a 120VAC timer as standard

Cashbox capacity approximately 600 US Quarter size coins
Ideal for kiddie rides, tanning beds, tennis court & pool table lighting, and more

Coin entry and Coin Return Cup have polished chrome finish

Both Time and Price Settings are adjustable via dipswitches:

- Number of coins to vend can be from 1 to 7
- More than 1 coin multiplies the time setting
- Example: a setting of 2 coins for 15 seconds means timer stays on for 30 seconds

Coins inserted during vend add additional timer per coin

Timer operating temperature range: -40° F to +149° F

Timer Switched Output Rating = Dry Contact SPDT, 20 Amps @ 120/240VAC, 2 HP

Box Dimensions: 11-3/4" H x 7-12" W x 4-1/2" D

Options Include:

Coin Acceptor may be ordered for a wide range of token sizes, plus US 1¢, 5¢, 10¢ as well as many different foreign currencies

Alternate Timer voltages: 12VDC, 24VDC, 24VAC & 220VAC

Locks keyed with the same number

Lock-out coil (prevents "stealing" of coins during loss of power)
